Profile

Hardworking college student working towards Information Technology, focusing on extensive technology and communication skills for valuable teamwork.

Employment History

Mobile case sales assistant, Geelong

DECEMBER 2020 – FEBRUARY 2021

Being friendly with customers. Organizing cases, mobile guards. Resolving any issues or inquiries with customers. Maintaining restock regularly.

Preforming multitasks like- assisting two customers at once with their desired needs.

Seven Eleven Team Member, Geelong

JUNE 2021 – NOVEMBER 2021

At Seven Eleven, my job was all about keeping things stocked up, serving customers with a smile, making sure nothing expired, keeping everything squeaky clean, and being ready for whatever emergency came my way.

Jims Cleaning Team Member, Geelong

DECEMBER 2022 – JULY 2023

As a member of Jim's cleaning crew, I performed various duties such as vacuuming, mopping, scrubbing, wiping, spot cleaning, replenishing dispensers, and dumping garbage. I used proper chemicals, exercised caution, and reported any damage.

Education

Cert IV, Swinburne University, Melbourne

MARCH 2021 – DECEMBER 2021

I studied Cert IV of Information Technology and learned basic concepts of Technology such as languages like JavaScript, C#, SQL as well as .NET, and Angular like frameworks. I also learned basics of Waterfall Methodology and project planning.

Diploma, Swinburne University, Melbourne

MARCH 2022 – DECEMBER 2022

I studied Diploma of Information Technology (Advanced Programming) and learned advanced level concepts of Technology such as servers, stacks, full stack apps, frameworks, methodologies and report making. I worked in several projects and one of them was for an actual client.

Bachelors, RMIT City Campus, Melbourne

FEBRUARY 2023 – DECEMBER 2025

Currently, I am studying Bachelors of Information Technology in my second year.

Certificates

Web Bootcamp (HTML, CSS, Javascript, Node, React, MongoDB, Web3 and DApps), Udemy, Dr. Angela Yu

AUGUST 2023 – PRESENT

Python Zero to Hero, Udemy, Jose Portilla

AUGUST 2023 – PRESENT

Hobbies

Working out at the gym.

Reading Books.

Making new IT side projects.

Ethical Hacking, Udemy, zSecurity

AUGUST 2023 – PRESENT

Volunteering Work

Software Developer | Donor System, Melbourne

JULY 2022 – DECEMBER 2022

During my Diploma year, I was in a team project where I volunteered to make donor system for a client. We used technologies like ReactJS, ExpressJS, Firebase, and PayPal. We used Agile Methodology for Project management where we had weekly sprints to plan and then retrospectives for feedback.

As of July 2023, the Web App is still online can be visited here :
